## HIGH SPEED BURNISHERS

Our burnishers give you years of trouble-free operation, making it easy to bring the life back to almost any hard floor surface! These machines offer exceptionally smooth operation with a flexible, self-adjusting pad driver that burnishes uneven surface areas evenly. Our patented design combined with precision-balanced weight distribution eliminates the need for a compensating caster. The entire pad is touching the floor, not just a couple of inches like conventional burnishers!
