

VACUUMS

QUASAR 26

Battery Sweeper

Item# PW050-W26-U

26" Cleaning Path

9 Gallon Capacity

26,000 sq. ft./hr.

1½ Hour Run Time

Powr-Flite®

EFFORTLESSLY CLEAN HARD SURFACES AND EASILY ADJUST TO CLEAN COMMERCIAL CARPETS.

FLEXIBLE AND EFFICIENT

Maximize sweeping speed up to 26,000 sq. ft. per hour—more than two-and-a-half times faster than wide-area vacuums and ten times faster than a manual broom!

OPTIMUM SWEEPING METHOD

Utilizes unique Overthrow System to guarantee optimum utilization of waste container capacity.

HEIGHT ADJUSTABLE

The main broom has chevron bristles and is height-adjustable for professional sweeping results on all kinds of surfaces with a variety of debris.

SPECS:

PRODUCT NAME

MODEL

PW050-W26-U

DIMENSIONS

32 x 28 x 24

WEIGHT WITH BATTERIES

124 lbs

CLEANING PATH

26"

PRODUCTIVITY PER HOUR

26,000 sqft/hr / 2,400 sq.mtr/hr

CAPACITY (RECOVERY TANK)

9 gal

BATTERY TYPE

12v / 12Ah

BATTERY RUN TIME

1.5hrs

CHARGE TIME

4HRS

FILTRATION SYSTEM

3 Micron @ 99.7%

FILTER SHAKER

Manual

SOUND LEVEL

67 dB (A)

POWER

24V

MAIN BRUSH TYPE

Cylindrical

SIDE BRUSH

Rotary

TANK CONSTRUCTION

Polyethylene

DUST CONTROL

Filter

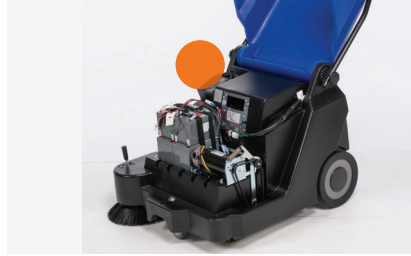

OVERTHROW METHOD

Efficient top-loading dirt collector minimizes dumping of dirt, compared to front-loading systems.

SIDE BRUSH

The side brush sweeps dirt out of corners and away from walls, directly into the cleaning path of the main broom.

EASY ACCESS

Gain easy access to batteries and motor. Includes rechargeable batteries with on-board charger.

SIMPLE OPERATION

Easy-to-read control panel requires little training to operate.

MANEUVERABILITY

Large, non-marking rear wheels and front castor for enhanced mobility, and a collapsible handle for convenient storage.

WASTE CONTAINER

Rugged, corrosion-proof 9-gallon 40 liters debris bin has handle for easy dumping.

ACCESSORIES

ITEM #	DESCRIPTION
39122	MAIN BROOM
39167	SIDEBRUSH
90100	FILTER
